

Juno XS Lente

precision at its finest.

The 220V track spot Juno XS Lente is a one-of-a-kind luminaire. This uniqueness is attributed to the unprecedentedly narrow beam angle of only 10 degrees. The distinctive lens creates a spectacular light image, perfect for accentuating valuable art in museums and luxury homes. It is also ideal for creating an intensely sharp focus in eye-catching product presentations in boutiques, perfume shops, and jewellery stores.

Juno XS Lente.

Description	Angle	White	Black
